NO. 24

As His Home Paper Sees Him.

"Hon. Claude M. Thomas, of Bourbon county, authorizes the announcement of his candidacy for the Democratic nomination for Congress in the August primary election to succeed Hon. J. Campbell Cantrell, of Georgetown.

"Mr. Thomas has consented to enter the race in answer to earnest solicitations which have been coming to him from all parts of the district for several months.

"Few men in Kentucky are better fitted to represent the famous old Ashland District in Congress than is Claude Thomas. He graduated from Princeton some twenty-five years ago, and has been all his life a close student of history and politics and has kept himself informed on all the political issues of the last twenty-five years. He has been a life-long and consistent Democrat and has served the State in both branches of the Legislature and was sent as Consul to Marseilles during Mr. Cleveland's second administration.

"He is an educated and cultured gentleman, a student and lover of books, but also keenly interested in all questions that affect the lives and happiness of men. He has spent his life almost entirely on the farm where he now lives and where he was born, and where, no doubt, he expects to die when his hour comes, and all his interests have been and will continue linked with the farm. If elected to Congress he would represent the great agricultural interests in which the people of this district are mainly interested—interests which have been practically without representation in the present Congress, as evidenced by the passage of a tariff bill in which most of the products of the farm have been put on the free list.

"On the temperance question, which is certain to be an important one in this campaign, Mr. Thomas is the very anti-thesis of Mr. Cantrell. Mr. Thomas has been the advocate of all the temperance legislation that has gone on the statute books of Kentucky in the last twenty years, while Mr. Cantrell has been uncompromisingly hostile to every statute that has been enacted looking to the control and regulation of the liquor traffic.

"In the Legislature Mr. Cantrell was the leader of the liquor interests and out of it the most persistent and successful lobbyists for that traffic. Mr. Thomas when in the Senate was the champion of the County Unit Bill and it was largely through his influence that the law was enacted, while Mr. Cantrell was always the opponent of that bill, and in the last session of Congress he voted against the Webb Bill which was nothing more nor less than a bill to prohibit bootlegging in dry territory.

"No two men could oppose one another who would more fully represent the opposing sides in the fight against the saloon, a fight in which this district is vitally interested and in which Mr. Thomas' candidacy will give the people a chance to determine whether they want to be represented in Congress by a man who stands for the saloon and all the saloon represents, or for one who stands for the protection of our homes and our sons and daughters from the ruin that the sale of liquor as a beverage necessarily entails. Mr. Thomas intends

To Close Out.

The business of the Day Lumber and Coal Company, with head offices in this city, has been placed in the hands of a receiver, the Columbia Finance and Trust Company, of Louisville, being named as such receiver. Two representatives of the Trust Company were here one day last week, but left the business running just as it was. We have seen no schedule of assets or liabilities, but it is probable that the business will pay out 100 cents to the dollar. The Company has been buying up considerable timber and lands of recent years, and being unable to realize any cash on these purchases is the cause for the failure of this big corporation.

Mrs. Cora Wilson Stewart, editor of the Morehead Mountainer, who has been visiting her sister, Mrs. E. B. McGlone for some weeks, left Monday morning for Dawson Springs, Ky., where she will attend the Kentucky Press Association meeting now in session there. Mrs. Stewart will read one of the many interesting addresses before that body.

Frank Dunn, of Columbus, Ga., and student of Johnson Bible College, Kimberlin Heights, Tenn., will preach at the Christian church, Sunday, p. m. Come and hear him. The Rev. Mr. Dunn is a former classmate of Pastor D. H. Matherly of this city.

Richard P. Ernst, of Covington, has announced his candidacy as a Republican for the United States Senate. Mr. Ernst is a brother-in-law to Chas. Brent, connected with the freight department of the L. & N. Railroad.

Several from this city attended the funeral of the infant child of Mr. and Mrs. Fred Ware at Vaughan's Mill Monday. The funeral was preached by the Rev. Judge L. F. Mann, of this city.

Some New Road Law.

It may be well to note the changes in the State's road law by the last Legislature. From an exchange we clip: "It is now unlawful to obstruct a ditch by building a road over it without providing a culvert or drain pipe of sufficient size to carry the water.

"It is against the law to place a fence, post, tree or other obstruction closer than $\frac{1}{2}$ feet of the outer edge of the ditch, and the owner is required to fix the ditch and remove the fence at his own expense within five days or be liable to a fine of \$2.00 for every day he permits such obstruction to remain.

"Every man between the ages of 18 and 50 (except ministers of the Gospel) must work on the dirt roads. The only exception for persons working the road is to pay to the County Road Engineer \$1.00 before the road is worked. No property tax is to be worked out on the road. Overseers must return their lists before October 1st."

To Lecture on Travels.

Elder L. E. Martin will deliver a lecture in this city tomorrow and Saturday nights. Everybody should attend these lectures as Bro. Martin will deal with very important subjects and will show more than 200 life-like pictures.

Elder Martin has traveled for 18 years, and has been in all the States of the Union except four, and has been three times in Japan, twice in the Philippine Islands (Catholic), twice in Cuba (Catholic), and once in Alaska. Has just returned from Vera Cruz, Mexico, where he had some narrow escapes. He took his camera with him on most of his trips and made nearly all the views which will be on exhibition. The first night he will lecture and show views of his travels. On the second night he will lecture and show views of the corruption of the Catholic church, of what he knows and has seen.

Elder Martin is a minister of the Church of Christ, and has given up his work as an evangelist of the State Board of Missions, where he has labored for the past four years, and is now devoting his time in giving warning to those who love Christ and His Kingdom more than the man of sin.

Good Rains.

Fine rains visited us the last of the week, and the warm weather following has produced a growing period not equalled before this spring. Oats and meadows were suffering to a damaging extent when the rains came. On Monday one of the hardest rains of the season fell over a small territory near the Walters' Ferry bridge two miles south of the city. There was but little rain closer to Clay City than R. L. Tipton's residence and none beyond Salem Baptist church.

Mrs. John F. Coliver, of Ashland, is visiting her parents, Judge and Mrs. W. T. Adams.

Shoes for all the family at Williams'.

STANTON NEWS.

Miss Sylvia Skidmore was visiting her cousin, Pearl, at Bowen last week.

Mrs. Lloyd Faulkner, of Winchester, visited her many friends here last week.

Miss Patsy Abner visited several days with her friend, Miss Omega Gabhard, of St. Helens.

Mrs. Lee Jackson, of Louisville, is visiting her parents, Mr. and Mrs. James Welch this week.

Miss Minnie Conlee has returned home from Winchester where she has been visiting for several days.

Mr. Clarence Atkinson, wife and baby are visiting Mrs. Margaret Oldham, of Winchester this week.

Mrs. D. R. Clark entertained her Sunday School class last Saturday and all report a very enjoyable time.

Mrs. Lucy Jackson has returned home from several weeks visiting to her relatives in Winchester and Louisville.

Mr. Wm. Johnson left Tuesday for Catlettsburg, Ky., to attend a reunion of the old soldiers who meet there this week.

Mr. John Burgher and family have been visiting near Winchester, where Mrs. Burgher went to meet her mother from Ohio at the home of her sister.

Rev. J. C. Hanley is having a concrete cellar put under his house. This will be a great addition to the home. He will install a furnace later in the season.

Messrs. M. S. Crane and Ben Sewell, of Jackson, made their usual trip to our town over Sunday. Stanton appears to be the dearest spot on earth to them just now.

Mrs. Margaret Vance and Elsie returned home from Lexington Monday where they had been visiting for several weeks. Eloise will stay another week before returning home.

The Ladies' Aid of the Christian church will give an ice cream supper this coming Saturday in the house where Mr. Will Hardwick moved from. The Aid will meet with Mrs. Morgan Lyle on same day.

The little baby of Mr. and Mrs. Fred Ware, of Hardwick's creek was found dead in bed last Friday. The baby had been sickly for several months. Mrs. Ware is a daughter of Mr. and Mrs. Ide Boone of this place.

H. J. Derthick, of Indianapolis, Ind., visited his brother and mother over Sunday. He preached at the Presbyterian church on Sunday night and returned home Tuesday. He was accompanied home with his mother and her sister from Ohio.

Rev. H. C. Bell, of Lexington, will give a stereoptican lecture at the Christian church on Friday night on the mission fields of the world. He will preach a ser-

mon on Thursday night. These are free and everybody is cordially invited to hear him.

The very severe drought that we have been suffering from was broken by an abundance of rain last week. Everybody is rejoicing. The oat crop will be short as a result of the drought and the potatoes are hurt very much. Late potatoes are the order of the day now and it would be well for several to raise them.

The writer spent several days in Breathitt and Morgan counties in the interest of his Sunday School work. He was at White Oak in Morgan county over Sunday where he ran across W. W. Strickland, who preached here several months. Mr. Strickland found a number of his relatives in that county that he did not know of.

The old Bible saying is true, "A prophet is not without honor save in his own country and among his own people." Rev. L. F. Martin lectured two nights at the Court House this week and a very small crowd was present on both nights. The writer attended the last lecture and it would have been well had every person been out and heard it. It was a revelation of the rotteness and corruption of the Catholic church. Bro. Martin has been an extensive traveler, living in the Philippines, Cuba and Mexico where the Catholics are strong and he knows of wherewith he speaks. The Catholics are making arsenals of their cathedrals, preparing for a mighty conflict between their church and Protestantism. They have lost their grip on almost all of Europe and are preparing to establish themselves firmly in this country.

Circuit Court will convene Monday. The case of John Clair for murder will be tried. We trust the grand jury will investigate the bringing in of whiskey by some of our townspeople. It is a self-evident fact when certain characters take the morning train for Winchester with an empty suitcase that they have gone for whiskey. We can put a stop to this if we only will. And the cigarette law goes into effect the 15th of this month. No young man under eighteen years of age can be allowed to smoke a cigarette and the merchant is as equally guilty if he furnishes them. This is one law that every father and mother in Stanton ought to see is enforced and we must see that our officers arrest every boy under eighteen smoking cigarettes and make him swear who furnished him with same. We have a splendid Circuit Judge and we trust that he will co-operate in the enforcement of this law.

We are selling Crown flour at \$2.60 per hundred, or 65c for 25 lbs., Monarch flour at \$2.40 per hundred, or 60c for 25 lbs., every sack guaranteed to give satisfaction or money refunded—this is Kentucky flour. Sugar 30 lbs. for \$1 or \$1.25 per hundred, roasted coffee 12c per pound.

The Winchester Democrat, an ardent supporter of J. C. Cantrill, among other things says in his boast of him when calling attention to his announcement: "Those who oppose him (Cantrill) now are but a few disgruntled office seekers and others who are trying to gain political preferment, chiefly through their 'white ribbon' hypocrisy."

The editor of this paper, though opposing Mr. Cantrill, is neither "a disgruntled office seeker" nor are we courting political preferment. We never have and have now no intentions of ever seeking an office, and there are thousands of others just like us, supporting Mr. Thomas. The Democrat had only a thought of a few when their article was written.

The Democrat's reference to the "white ribbon" hypocrisy, meaning, we judge, the prohibition principles, is prompted by his honest views. The Democrat probably can see no other cause for the support of temperance, but there are millions in this country that do see it different, and they are honest too. We are for a sober government, and the way to get it is to put such men as Claude Thomas in Congress and such men as Cantrill out, and that's what we are going to try to do, and if all other counties were like Powell, we would do it by a vote of two to one.

The Times is for Mr. Thomas because he is the honest gentleman that he is and because he is for the same principles that we are for, and because his views on the liquor question are identical with ours. We are not for him because he opposes Mr. Cantrill, instead we would be for him just the same, regardless of all other aspirants to the office of Congress, our nearer neighbors in the Democrat's home town excepted.

On the other hand, The Times would oppose Mr. Cantrill regardless of who his opponent might have been had Mr. Thomas not have come out, but any other gentleman instead. In other words we are for Mr. Thomas because we are for him, and oppose Mr. Cantrill because we are against him. We have not the slightest personal feeling against Mr. Cantrill, for from what we know of him we like him. We oppose him because his views on the most important matters are just as far from ours as they can be and he be an unlimited Democrat.

We are very bitter against the robberies now being imposed upon the people, including those of the fire insurance companies. We frequently find some one to take the part of the big interests

against their own interest and their neighbors' interests. One says they should be allowed a reasonable rate of interest on their investments. The truth of it is the insurance people have no investments of capital to care for the policyholders. The people have the investments. The insurance companies of today insure the people of Kentucky with the people's own money, and charge them over 10% for doing so.

The people of Kentucky for the past twenty years have furnished the money to pay their own fire losses, put it up cash in advance, and then paid the insurance aggregation over 40 per cent. on the people's own money to keep the rest of the money for them. The people of the State have grown tired of it and last winter passed a law through the Legislature to not give the insurance people so much of our money and the insurance companies continue to kick and leave the State, as much as to say, "if you do not give us half of your own hog, we will not keep the other half for you."

Senator James' stubbornness in the Mt. Sterling postoffice appointment continues. He will agree to nothing but that his man, Squire Turner, be appointed.

Mr. Chiles, his opponent, has proposed to have a primary in which all the patrons of the office may participate: like Senator James provided at his home town of Marion, then at Winchester. Chiles offers to pay all expenses if he wins and half the expenses if he loses, but Boss James says there shall be no primary. "The patrons of the office have no right to a voice, I am the one to decide," according to Senator James' idea. James feels that he is king of the Democratic party in Kentucky. He is Democratic only in name. His actions are autocratic. Any three of the present aspirants to the U. S. Senate are ten fold better than Boss Oiley.

State control of the railroads amounts to nothing because the railroads control the State, and they are apt to control the State so the State will control the railroads just as suit them, the State Constitution notwithstanding.

Must Be Straight Goods.

A man who owes us \$9.00 and refuses to pay, and one we hear of having beaten others out of much larger sums of money, was boosted recently in the "pick-up" columns of a city exchange. A modest, honest man receives but few boosts, where a brazen, dishonest rascal can find a world of praise. Such is not the case in the Times office. We will not "blow up" a dishonest or immoral man for love or money if we know him. A man must be straight goods if we give him any commendable words. We will not support a man of our own party for any office under the sun if we deem him less worthy than his opponent. This policy may not be good politics, but it is a great pacifier of a fair mind and honest heart which we hope to have by a sacred adherence to what we know are right principles.

As is usually the case with all rich estates, the John C. C. Mayo millions have dwindled down to a cash value of less than five millions. Men like to pose in fabulous wealth and other men like to exaggerate what they know of their wealth for the high standing it produces.

Paint is liquid money. You spread it over your house and then sun, wind, rain and dust beat upon it in the effort to wear it out and get at the wood. Bye and bye you have to do it all over again—but less often with

Hanna's Green Seal Paint

than with others. When you think of the cost of paint and painting, remember that one-third is paint and two-thirds labor.

It costs more to put on a poor paint than a good one. Use the paint that lasts longest.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. In the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

**COULD SCARCELY
WALK ABOUT**

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fatten up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.
